

The current Indiana Telephone Privacy law is a good law as it stands. We support its present design 100%. I despise any type of tele-marketing or other unsolicited call and will never purchase, provide opinion or in any way positively respond to their invasion into our privacy. Please leave the Indiana law as it currently stands and don't write law that will allow unwanted calls to invade our privacy. As it is today, our family can enjoy the absence of annoying, unwanted calls and we want to keep it that way.
